Dear Friends

Last year we received a lot of requests from you that in addition to the digital catalogue you want us to, once a year, produce a large paperback catalogue.

Once more I have the pleasure of presenting to you, on 130 pages, the latest catalogue of our products that we have prepared for the upcoming fall and winter season of 2024.

Did you know that some of our products have been so popular that we have actually produced them for over 35 years? We feel very lucky to receive so many letters from people explaining that they were gifted one of our products when they were a child and that they now want something similar for their children. We would like to express our deepest gratitude to all of you - that you like our old and new softies alike and that we through this can spread our wings and soar higher in all of our endeavors!

As always we had many reasons to design new and beautiful teddybears. The Limited Edition series of 2024 is dedicated to three adorable siblings – Lotta, Filippa and Julius. These three teddybears will be the start of a new series called Children from Runebergsgatan, as I have decided to honor the children, parents and grandparents of my own neighborhood with a short series of dedicated teddybears.

My longstanding assistant Kaspars finally became a father! Do you believe that it is a coincidence that his beautiful little daughter came to our world on the same day and month as my own grandchild Anton? In life, I do not believe in such coincidences. In connection with her birth a beautiful teddybear Celine was created.

Our wonderful friends from California with their two adventurous sons will be visiting Europe this year for the very first time and two beautiful new dedicated teddybears, The Brothers Hunter & River, will be waiting for them upon their arrival.

If you ever find yourself skiing in Gérardmer in Winter, or enjoying the wonderful nature of Alsace around Lac de Gérardmer, do not forget to visit Le Chalet des Peluches teddybear shop. To the two charming owners, our wonderful clients, I happily dedicate the new teddybears Géraldine & Jérôme.

In addition to these dedicated products you will find an exceptionally wide range of new products in all colors and shapes. Many new Ziggy collectables, for the first time ever dinosaurs and many wild animals of all kinds. We hope you will find something in your own and your clients taste.

We wish you a wonderful and enjoyable Autumn and a very successful and harmonious Christmas Season.

With Love B.B.B

My almost 4 year old grandson Mavi is inseperable from his "Little Loke" that follows him wherever he goes.
